

Style Our Home Case Study

Style Our Home is a premium online furniture store running on a highly customized Magento platform. For over a decade, we have partnered with Hardip, the brand owner, to support and enhance the platform's functionality. Our role extends beyond technical maintenance to providing strategic development support, continuous version upgrades, and implementation of new custom features tailored to evolving business needs.

PROJECT OBJECTIVES

- ✓ Maintain a stable and secure Magento environment through regular updates and monitoring.
- ✓ Add new custom features to enhance user experience and streamline operations.
- ✓ Provide end-to-end support for content updates, product uploads, and design enhancements.
- ✓ Ensure long-term platform scalability and business continuity for Style Our Home.
- ✓ Collaborate closely with the client for priority-based task execution and planning.
